

EDUCATION

- **Rajarajeshwari College of Engineering** Bengaluru, India
Bachelor of Engineering in Artificial Intelligence and Machine Learning; CGPA: 8.9 2023 – 2027

EXPERIENCE

- **Google Gemini** India
Campus Ambassador 2026 – Present
 - **Community Engagement:** Promoting AI technologies through community initiatives and developer programs.
 - **Generative AI:** Participating in AI learning sessions, technical communities, and outreach activities.
- **Need It International** Remote
AI Marketing & Web Development Intern Nov 2025 – Mar 2026
 - **AI Solutions:** Developed AI-assisted marketing solutions and workflow automation systems.
 - **Web Development:** Built responsive web applications and optimized AI-powered content strategies.
- **Corizo** Remote
Machine Learning Intern 2024
 - **Data Analysis:** Performed exploratory data analysis on Spotify datasets containing 10,000+ records.
 - **Machine Learning:** Applied preprocessing pipelines and generated analytical insights using machine learning techniques.

PROJECTS

- **PharmaGuard AI:** Built an AI-powered drug risk prediction system using machine learning models and LLM-generated clinical explanations. Developed preprocessing pipelines, feature engineering workflows, and scalable APIs.
- **NishkaamKrishi:** Developed an AI-based agriculture platform for crop and soil disease prediction. Integrated recommendation systems and APIs for real-time agricultural insights.
- **Blood Cancer Detection:** Built a CNN-based deep learning model achieving 92% accuracy and developed a web application for real-time medical image analysis and predictions.

TECHNICAL SKILLS

- **Programming Languages:** Python, MySQL, Java
- **Data Analysis:** Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis, ETL Pipelines
- **Machine Learning:** Supervised Learning, Unsupervised Learning, Deep Learning, Natural Language Processing (NLP)
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Keras
- **Statistics:** Descriptive Statistics, Probability, Hypothesis Testing, Correlation Analysis, Data Distribution, Mean, Median, Mode, Standard Deviation
- **Data Visualization Tools:** Power BI, Tableau, Excel
- **Developer Tools:** Git, GitHub, VS Code

ACHIEVEMENTS

- **Speaker:** Presented at ReactPlay Bengaluru (Paytm Office) on Building AI Agents in React: From UI to Autonomous Workflows.
- **Leadership:** Head of Computer Science and Marketing at AJA Forum, leading technical workshops and educational initiatives.
- **Sports:** Former National-Level Basketball Player.
- **Hackathons:** Selected for Vyuhatech, PhaseShift, and RIFT Hackathons.
- **Competition:** Secured 2nd Place in Python Coding Competition at Dayananda Sagar College of Engineering.
- **Open Source:** Contributed to PublicAPI and First Contributions open-source projects.
